Child Sexual Exploitation

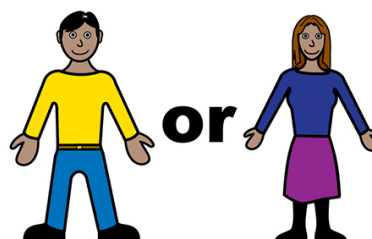

What is child sexual exploitation?

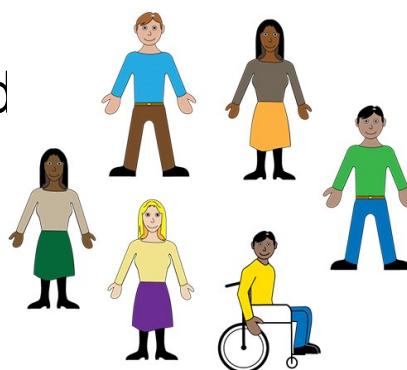

A type of sexual abuse.

It can happen to boys and girls.

It can happen to children and young people.

When adults use children or young people for sex.

What is child sexual exploitation?

People who sexually exploit young people might:

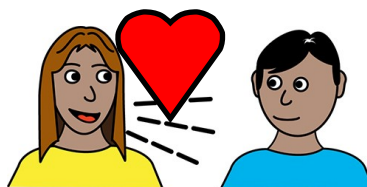

- Pretend to be your friend

- Give you somewhere to stay

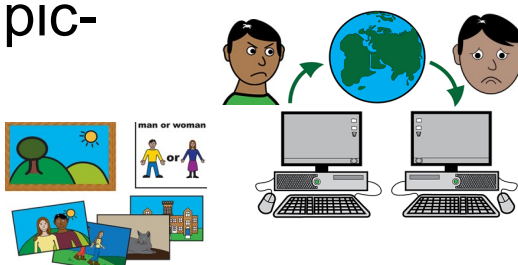

- Tell you that they love you

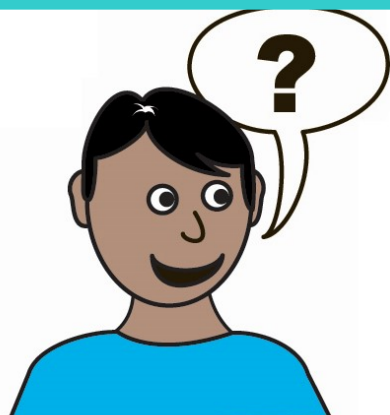

- Give you things like money or presents

- Get you to send them pictures of yourself

What can you do if you're worried?

You can tell someone

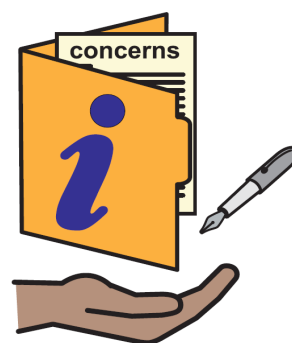

Staff will:

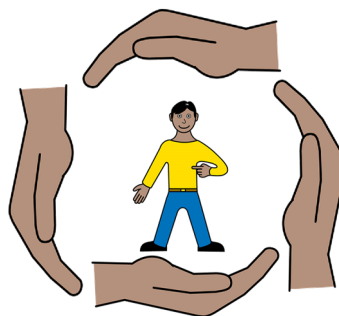

Listen

Get information from those people involved in your care

Help you understand what has happened
